

## Letter from H. Percy Blanchard to Alexander Graham Bell, September 29, 1909

OFFICE OF H. PERCY BLANCHARD BARRISTER, SOLICITOR Stipendiary Magistrate  
Notary Public, Etc. P. O. Box 94 Chebucto Street BADDECK, C. B. Sept. 29th 1909 19  
NOVA SCOTIA, CANADA My Dear Dr. Bell:—

In clearing up some paperc I have come across a letter to your address which I now enclose to you.. I think it was left here by Mr Baldwin. I took occasion after sending on th Notary attestation by the Am. Consul to ask this law firm just when and what attestations were needed, and they inform me one attestation is sufficient in any ONE Patent matter, but each Patent must have its attestation. I like to know these things so as to be prepared when occasion calls.

very truly yours, H. Percy Blanchard
